Get Satisfaction

Powerful. Durable. Maneuverable.

Compact and lightweight design

has been achieved while maintaining both strong power and high maneuverability.

Toolless blade clamp

Blade can be attached with single action - simply by pushing it into the clamp; can be also removed easily with single action.

Change lever

for 3 orbital settings and straight cutting

Optimum cutting action can be selected simply by turning the Lever.

Compact housing design

for clear view of cutting area.

Best possible ergonomic handle

Provides comfortable grip and more control while minimizing hand fatigue and pain.
• Ribbed rubber grip enables all finger tips to hold the handle securely.

Covered with non-slip elastomer

Variable speed control by dial
